

ASIS Exam Preparation Programmes

ASIS International is the world's largest membership organisation for security professionals. There are three internationally-recognised Board Certifications that ASIS International offer:

Certified Protection Professional (CPP)

Physical Security Professional (PSP)

Associate Protection Professional (APP)

CPP, PSP and APP are attained by sitting and passing an exam which tests the applicant's knowledge and understanding of the relevant learning materials which are mapped to each designation. There are also eligibility criteria and a code of conduct that applicants must pass.

In order to give applicants the best possible chance of success in their exams are taken electronically, either at home or at a Prometric Test Centre. We deliver exam preparation training courses to support the learner. We've been delivering these courses since early inception of the Certifications, and are proud that hundreds of Certification holders have achieved their post-nominals after completing our courses.

Choose from:

Intensive five-day boot-camp classroom training, or

Online guided learning programme using our online learning platform, or

Live virtual classroom training delivered via **Zoom**

Applying for the CPP®, PSP® and APP®

Certification Exam

Qualification is by computer-based examination either at home or at a Prometric Test Centre. Application to sit an exam is made directly through ASIS International via the ASIS website: www.asisonline.org

Our team is here to support you with your ASIS accreditation, and can help you with membership applications, exam bookings and the ASIS learning materials.

CPP

For this accreditation, you'll need the full and current set of the ASIS Standards and Guidelines, and the ASIS Protection of Assets material, which comprises seven core domains:

- Security principles and practices
- Business principles and practices
- Investigations
- Personnel security
- Physical security
- Information security
- Crisis management

ASIS International stipulate that you must be, or have been employed full-time in a security-related role, plus:

Seven years of security experience, at least three years of which shall have been in responsible charge of a security function, or 5 to 6 years of security management experience depending on education level achieved and three years of responsible charge of a security function.

PSP

For this certification, you will cover the core domains of 'Protection of Assets: Physical Security', 'Implementing Physical Systems: A Practical Guide, 2nd Ed', 'ASIS Business Continuity Guideline: A Practical Approach' and 'ASIS Physical Asset Protection Standard'. These reading materials are available to buy from www.asisonline.org

Eligibility criteria

Three to five years of physical security experience, depending on education. Please refer to the ASIS International website for a detailed overview.

APP

The APP certification is for those with one to four years of security management experience and measures the professional's knowledge of the four key domains: security management fundamentals, business operations, risk management, and response management.
