

Welcome to your **Bronze** Skills Wheel.

This wheel shows you the 6 skills and/or training aims typically found in professionals at this level. This includes training you can undertake, as well as everyday skills you should be employing.

As you read through, consider the following:

How frequently am I demonstrating each skill in my day to day activities?

What am I specifically doing every day to develop my CPD?

Knowledge Gain

- Security theory and best practice
- Security vocabulary
- IT and Literacy skills

Operational Level Indicator

Bronze Level (Operational Programmes)

Welcome to the **Bronze** level of your career pathway. This level is for those either working in or working towards Operational positions within security. Programmes at this level are designed for those working within day-to-day security roles as well as those new to the industry. Professionals at this level may have responsibility for carrying out a variety of security manoeuvres such as manned guarding or working within a security management team. Job titles typically include Security Operative, Security Guard or Technical Engineer.

Training to consider at **Bronze** level...

- ✓ The Security Institute SRF BTEC Level 3 Advanced Certificate in Security Management
- ✓ Principles of Security (SFJ Certificate of Achievement)
- ✓ ASIS APP
- ✓ Any 'Tavcom Certified' course. Also, Mains Compliance and Electronic Principles.

PerpetuityARC Training's range of Operational programmes offer globally-recognised, tutor-supported accreditations upon successful completion of assessment. Studying for accredited qualifications demonstrates that you are committed to enhancing your own knowledge of security principles and best practices, whilst opening doors to higher-levels of employment.
