

ONLINE COURSES

Managing Security Surveys

Conducting a security survey is an essential skill for security managers.

This online course provides a step-by-step guide to the process of conducting an effective security survey, providing you with a template for conducting your own surveys. You will learn how to use the security survey as part of your ongoing risk analysis and security strategy.

Core Content

- When to conduct a security survey
- What constitutes an effective security survey
- How to plan & conduct a security survey
- How to use crime prevention methods & techniques to reduce crime & loss
- How to use the security survey to prepare a risk assessment
- What security measures are available & when & how to use them
- How to write a security survey report & make effective recommendations

Who Will Benefit

The course will be of immediate benefit to anyone conducting or overseeing security surveys. By guiding you through the important stages from initial planning to final report, this course will enable you to quickly and efficiently assess your security strengths and weaknesses. It will equip you with the essential tools to maximise your protection whilst meeting the realistic constraints of your budget.
