

CLASSROOM COURSES

Advanced Investigation Techniques

This elite participatory course is specifically designed for learners with existing knowledge and experience in workplace investigations and interviews, and/or for those who have completed the Workplace Investigation & Interviewing course (BTEC Level 4).

Enabling learners to conduct well-managed and effective interviews at a strategic level, you will explore a variety of investigation and interview topics from a management perspective.

This course provides a high level of practical skills and theoretical knowledge which are needed to act confidently, objectively and effectively when compiling an appropriate case file at strategic level. Through scenario-based learning, you will explore and understand: the primacy, boundaries and parameters of investigation, compliance requirements, media management, structure and content of investigation plans, legal considerations, recovery of evidence, witness interaction and in-depth interview techniques.

Core Content

- Roles & responsibilities of the advanced investigator
- Integrity policies & "whistle blowing" considerations
- Transparency vs confidentiality
- Investigation structure, accountability & reporting lines
